

Design of the Garden Courtyard

Naunynstrasse 2–3 and 5–11, Waldemarstrasse 86–102 (even house numbers), Mariannenstrasse 51–53 and Mariannenplatz 7–9A

We had extensively refurbished the buildings at Waldemarstrasse 86/88 and 96–102, Naunynstrasse 6–11, Mariannenstrasse 51 and 52 and Mariannenplatz 9A as of the end of 2023. Starting next year, we will also be beautifying parts of the inner courtyard for you. The courtyard should remain a place where you can meet and spend time with your neighbours in the future.

Schedule

Planning

March 2023

- Cataloguing of the necessary improvements and repairs in the inner courtyard by degewo

January 2025

- Start of underground car park examination

May 2025

- Commissioning and start of planning by GAST landscape architects for the initial planning of the improvements and repairs

August 2025

- Review and incorporation of the ideas and requests from the information and participation event into the planning process

Autumn 2025

- Tendering and awarding of contracts for the realisation of the planning by a planning and construction company

As of spring 2026 (projected)

- Start realisation of planning for courtyard design in the inner courtyard

! We will notify you in good time about the most important planning and construction steps and of any possible restrictions in the inner courtyard.

Participation

February 2024

- Meeting with degewo Mariannenplatz Tenants' Advisory Council for deliberations on initial thoughts for courtyard design

June 2025

- Presentation of courtyard design concept to degewo Tenants' Council and Mariannenplatz Tenants' Advisory Council
- Sending of information letter and invitation to information and participation event
- Start of digital participation: Ideas can be submitted around the clock, e.g. via mobile phone or tablet

10 July 2025

- **Information and participation event in the inner courtyard**

This is how things stand as of now. 

Presumably in autumn 2025

- Information brochure on the results of the information and participation event

Spring 2026

- Information tours about the planning and results of the participation in the inner courtyard

Repairs and Improvements

We have compiled a list of the areas requiring repairs and where we would like to make improvements. The aim is to enhance the attractiveness of your inner courtyard and adapt it to meet the challenges of climate change.

Plan illustration: GAST Landschaftsarchitekten

Landscaping of building walls

4 7 8 15

- Install climbing aids
- Create plant beds
- Plant climbing plants

Beautify dustbin area

2 10 16

- Install climbing aids and set out plants
- Plant climbing plants or hedges

Unseal surface area

3 9 13

- Pave only the required surface
- Make areas greener

Improve path

6

- Clear the view
- Prune shrubs
- Replant some areas

Replant beds

14

- New plants
- Remove edging

Improve playgrounds

5 11 12

- Better playing surface
- New equipment and more shade
- Move bicycle stands

Improve plants in the entrance area

1

- Thin out excessively dense plants
- New shrubs with flowers and berries

Note: The planned measures are summarised here in a highly simplified form.

We look forward to hearing your ideas!

The beautification of the inner courtyard is a good opportunity to ask about your requests and ideas for the design of the inner courtyard in addition to repairs and improvements. We would like to talk to you about the following four topics:

Seating & Safety

As we want to make the inner courtyard an even more attractive place for people to spend time, we would like to find out where additional seating and meeting points would be useful. We are also interested to know if there are any areas in the courtyard where you feel uncomfortable and what the reasons for this might be.

Protecting the Climate

We would like to know where you think having more shade or greenery would make the inner courtyard more climate and environmentally friendly. We also want to hear where there are no dustbins or where you would like a stand where you can leave your bike safely.

Sports & Games

The inner courtyard offers plenty of space to play, exercise and do sports. We want to know what equipment that would add to everyone's enjoyment in exercising is still missing here.

Gardening

There are already several planters in the inner courtyard—do you perhaps use one? We want to become acquainted with all the gardeners and find out who is interested in doing their gardening with others or becoming part of a gardening group.

You can find us at these locations today

We will be manning these four stands in the inner courtyard from 4 to 8 p.m. today; we look forward to seeing you and hearing your ideas and requests for the design. Stop by and speak to us!

Overview of the stands

- 1** Covered bicycle stands at the Naunynstrasse 3 playground
General topics: Seating & Safety, Protecting the Climate, Sports & Games
 - 2** Tenant gardens on the underground car park at Naunynstrasse 7
General topics: Gardening, Seating & Safety
 - 3** Large asphalted area inner of the inner courtyard Waldemarstrasse 88
General topics: Protecting the Climate, Seating & Safety
 - 4** Playground inner courtyard Mariannenplatz 7
General topics: Sports & Games, Protecting the Climate
-  degewo dialogue stand

What would you like to do in the inner courtyard?
What equipment for these activities is missing?

Do you have any suggestions for gardening together?

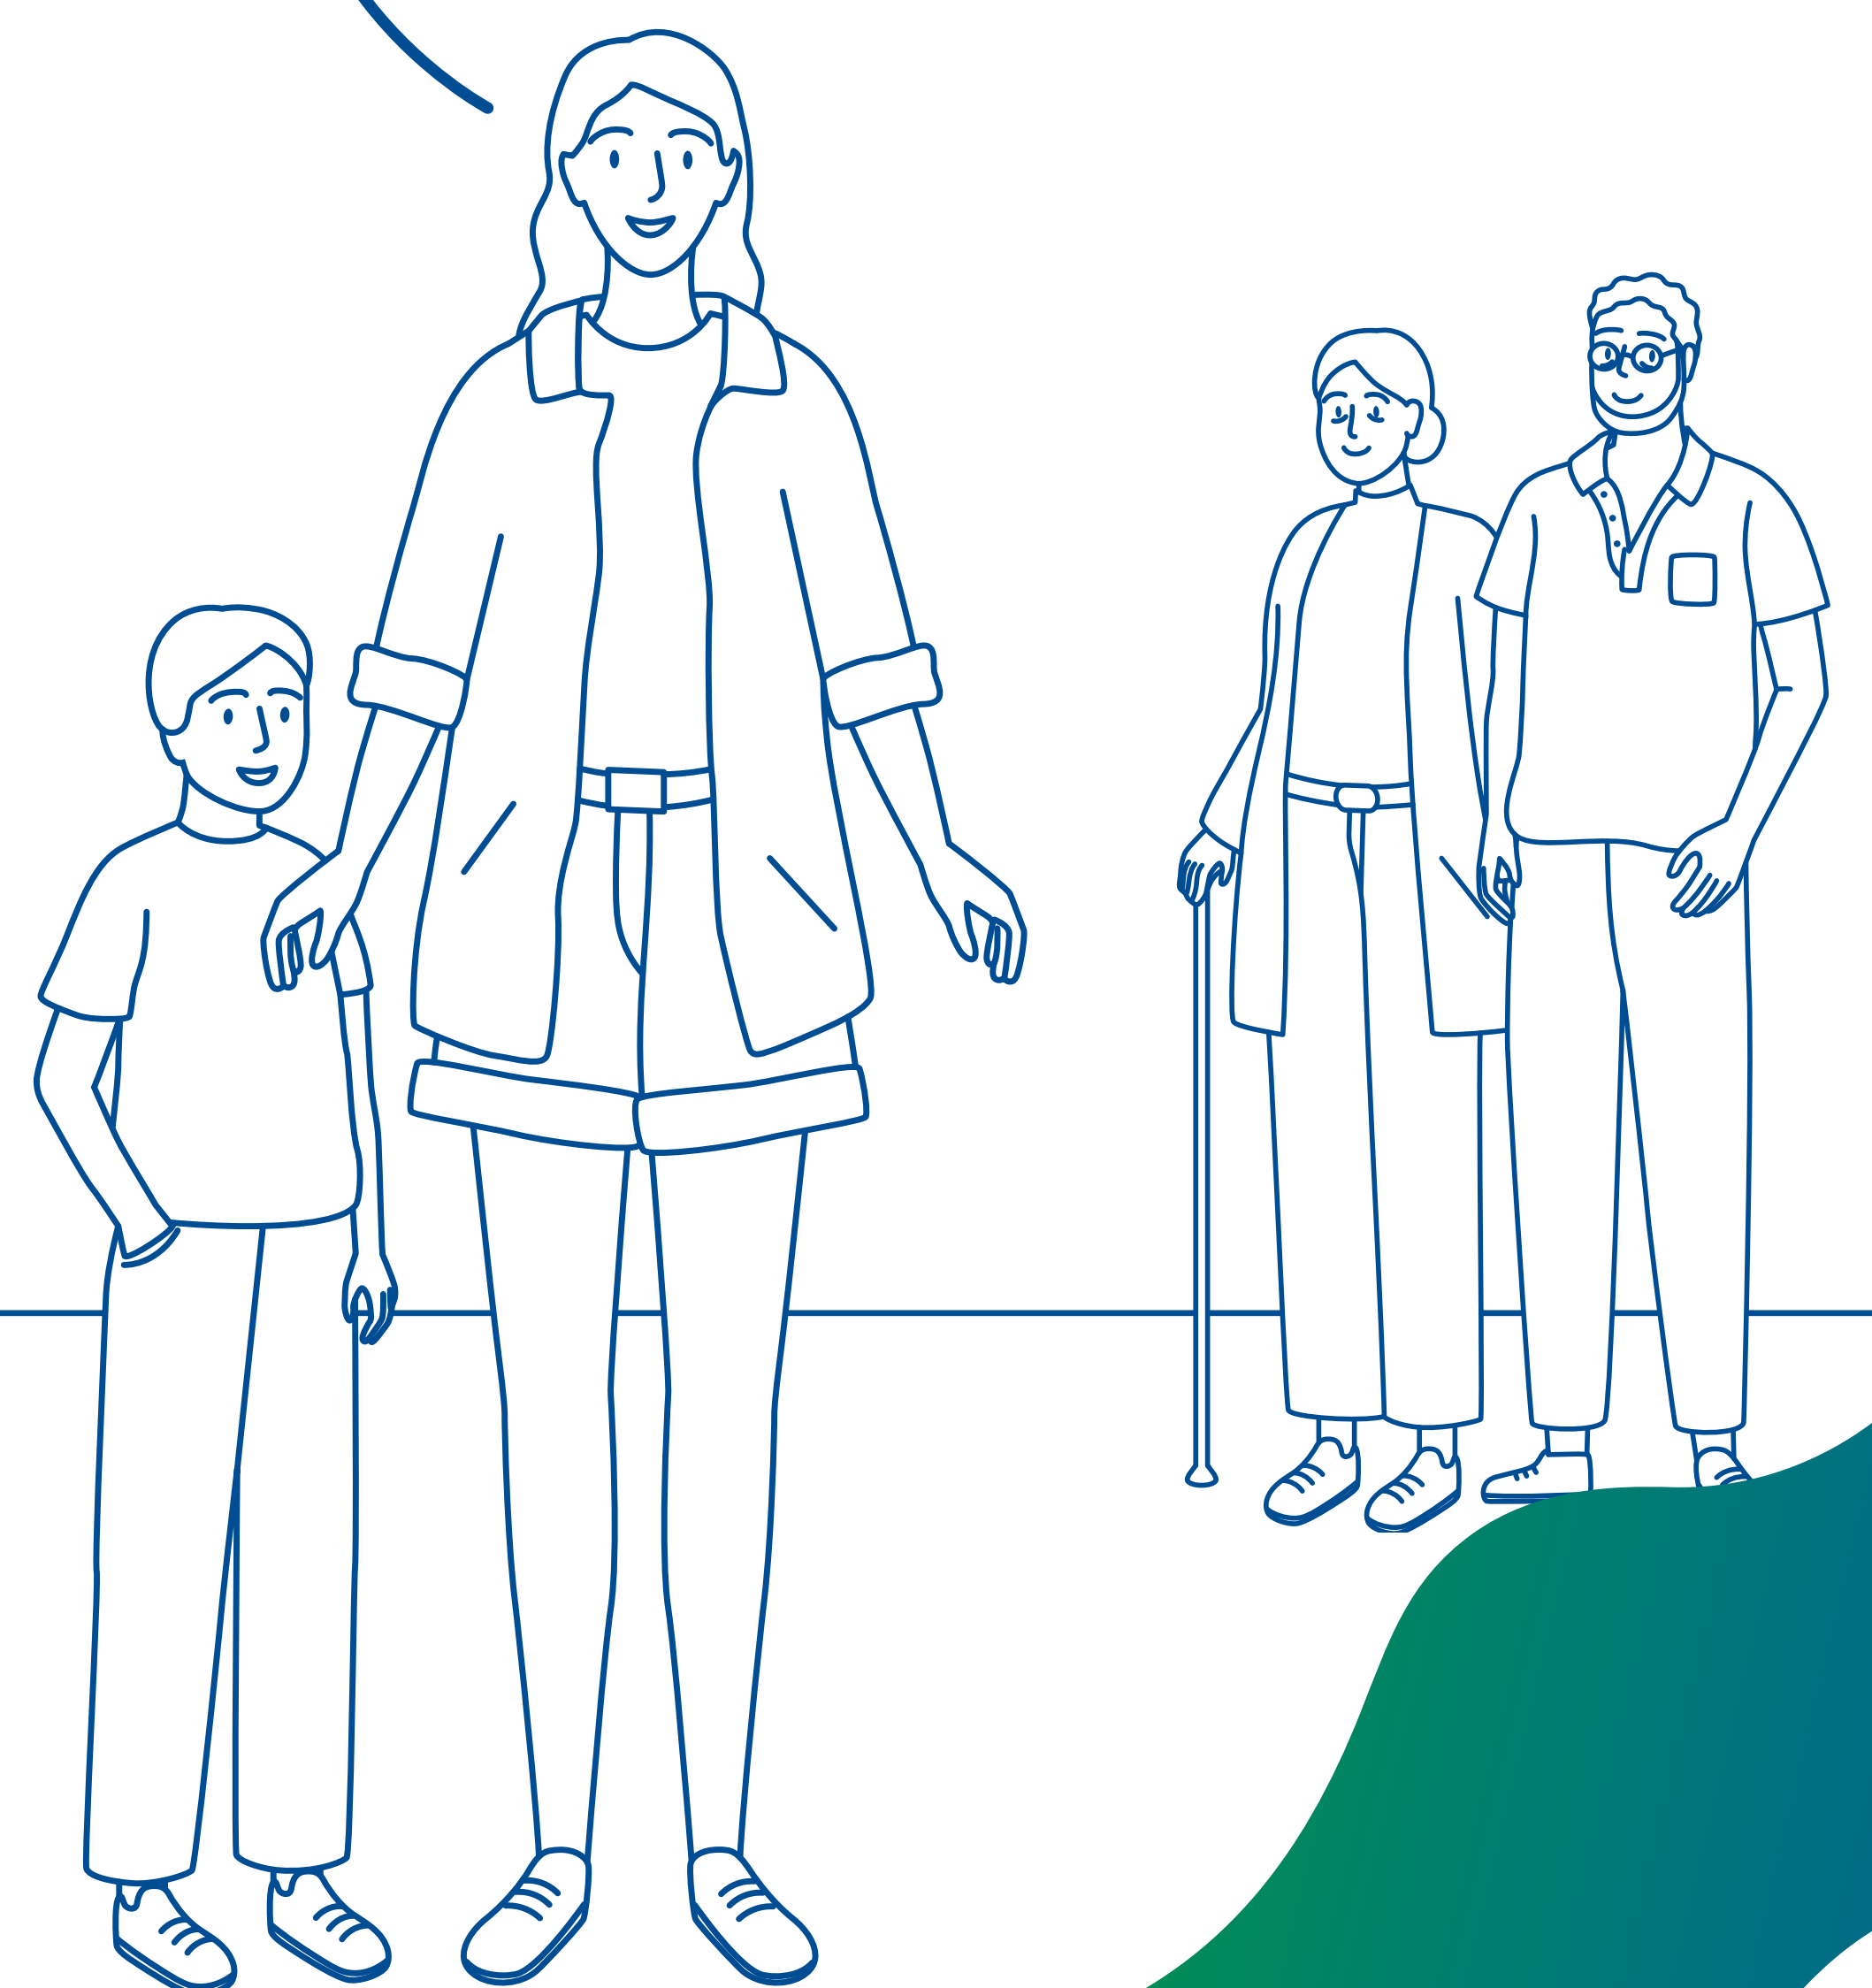

Do you and your children have any requests for the design of the play areas?

Do you regularly meet up with your neighbours on the lawn areas? What is missing in these areas?
